

Coalition Meeting

Approaches to Park Safety

Co-Sponsored by Supervisor John Avalos and Supervisor David Campos, with panelists featuring:

San Francisco's parks and open spaces are truly one of our city's greatest treasures, and keeping park users safe is an utmost priority. Join us for a discussion on existing and emerging approaches to park safety. Panelists will include the San Francisco Parks Trust, Recreation and Park Department, Trust for Public Land, San Francisco SAFE, and the San Francisco Police Department Ingleside Station. This promises to be a fruitful discussion focusing on topics like designing parks for safety and addressing issues once a park has been built. Spread the word and join us!
